

GUIDE FOR AUTHORS

In the Review of the BGS, v. 80, part 3 will be included **SCIENTIFIC COMMUNICATIONS** and **ANNOUNCEMENTS** of excursions, projects and other innovations presented as reports of the “GEOSCIENCES 2019”.

Preparation of manuscripts

Scientific communications should be written in up to 2 or 3 pages (including text, up to 1 figure, tables and references), on A4 paper size, 20 mm wide top and bottom margins and 20 mm wide left and right margins. **The main text** should be either written in Bulgarian or English (in Times New Roman, font size 11 pt, and single line spacing). Authors whose native language is not English must have their manuscripts reviewed by a colleague who is fluent in English.

Announcements of excursions, projects should be written in maximum volume of up to 1 page and no figures. The remaining technical requirements are the same as for scientific communications.

The communications should be arranged in the following order:

- **Title.** Brief and informative, written first in English and then in Bulgarian (Times New Roman, 14 pt, **not in All Caps**, Bold, left alignment, Normal style).
 - After a blank line, the **name(s) of the author(s)** should be given (in Times New Roman, font size 11 pt, Bold/Italic, left alignment). Please clearly indicate the given name(s) and surname(s) of each author. All authors must be indicated with superscript numerals (i.e., 1, 2, etc.) immediately after the author's name.
 - After a blank line, the **author's affiliations** and **authors' affiliation addresses** (department, institution and city with postal code and country) should be given (Times New Roman, font size 11 pt, Bold/Italic, left alignment). All affiliations must be also indicated with superscript numerals immediately after the author's name and in front of the appropriate address.
 - **Keywords.** Up to 5 keywords must be included (Times New Roman, 10 pt, left alignment).
 - After two blank lines, the main text should be written (Times New Roman, 11 pt, and single line spacing). The text can include **subtitles** (Times New Roman, 12 pt, Bold, left alignment) and **tables** (80, 165 or 235 mm width).
 - **References.** Must follow the style of the Review of the Bulgarian Geological Society (for more details see www.bgd.bg/REVIEW_BGS/frames_home_BG.html), and typed in Times New Roman (font size 11 pt, and hanging at 0.5 cm). References of papers published in languages that do not employ the Latin script can be presented according to the style of their abstract language or translated in English, with an indication of the original language and abstract language (if any) in parentheses, (e.g., in Bulgarian, with English abstract).
 - **Figures** or **collage of figures** – maximum height 13 cm and recommended width 8 or 16,5 cm. Authors are required to supply high-resolution CDR, TIFF, JPEG, BMP or EPS images (including maps, cross-sections and photographs) with a resolution of at least 600 dpi. The preferred location in the figure is indicated in the text. **Please do not include figures in the text!** Figure captions must be provided separately from the figures, at the new page, after main text of the manuscript (Times New Roman, 10 pt).

The Scientific communications must be submitted electronically not later than October 15, 2019 to Elena Koleva-Rekalova (e-mail: e_koleva@geology.bas.bg). The files corresponding to the text, tables and figures must bear the name of the first author. The full text manuscripts of short communications must be prepared according to the rules of the Review of the Bulgarian Geological Society (www.bgd.bg), and should be submitted to the Chief Editor of the Journal Yotzo Yanev (e-mail: yotzo_yanev@yahoo.com), either in the course of the Conference or electronically, but not later than 1 month after the end of the Conference. In this way the MS will have priority in publication. It is recommended the presentations in Bulgarian language to be supported by English captions in the slides of MS Power Point. The recommended size of poster presentations is A1 (59.4 × 84.1 cm).
